Manufacturer of Quality Flow Solutions

**GOKUL POLY VALVES PVT. LTD.**

# Superior Quality

## With Innovative Technology through Leadership

We take pleasure in introducing ourselves as one of the top-notch quality manufacturers. We manufacture PP, HDPE, PVDF, and ISOTACTIC valves and pipe fittings, along with agricultural valves, fittings, and drip irrigation items. Behind every product associated with our company stands a dedicated team that has developed and manufactured it with precision. **GOKUL** draws its inspiration from the vision, dedication, and passion of its employees built over many years.

**"GOKUL"** is able to offer you the most extensive range of finished Products worldwide. Our comprehensive portfolio of Products encompasses valves & pipe fittings and finished parts for a diverse range of application. The material offered within this area span everything from HDPE, PP, PVDF, ISOTACTIC On request, we can also develop customized products tailored to your specific requirements.

**GOKUL POLY VALVES PVT. LTD.** is a leading industrial manufacturer of valves and fittings, located in Ahmedabad, Gujarat, India. Our company has the capacity to produce more than 30,000 valve pieces and 150,000 fitting pieces per month in various types.

The manufacturing facility is spread across over 40,000 sq. ft., equipped with modern machinery such as extruders, vertical injection molding machines, drilling machines, lathe machines, and testing equipment. All finished products, including valves and fittings, are hydrostatically tested and subjected to a hot water bath before final packing and dispatch.

**GOKUL POLY VALVES PVT. LTD.**'s quality and management system is certified in accordance with DIN EN ISO 9001:2015 since 2006. We manufacture products such as PP, HDPE, PVDF, and ISOTACTIC ball valves, non-return valves, foot valves, sight glass valves, diaphragm valves, butterfly valves, Y-type strainers, basket-type strainers, and damper valves, along with PP, HDPE, PVDF, and ISOTACTIC pipe fittings, irrigation valves, and drip fittings.

Today, we are recognized as one of the leading producers of PP, HDPE, PVDF, and ISOTACTIC valves, pipe fittings, and drip irrigation items.

### Focus-in-Class Quality

Our products are designed to deliver the highest quality standards. While implementing projects, we place the greatest emphasis on professionalism at every stage of the process. Our efforts are supported by a first-class quality management system, ensuring complete peace of mind for our customers.

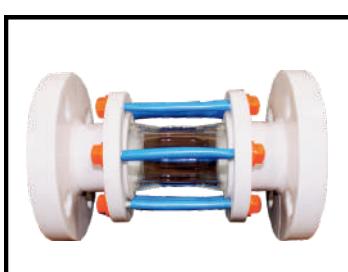

### Exceptional Services

As our customer, you always take center stage—from project development to material procurement and on-site planning. We are committed to delivering the best possible services. In addition, we provide complete documentation accompanying our products and offer specialist training whenever required.

## PP, ISOPP, PPH, PVDF - BALL VALVES

**“Trusted Flow Solutions with Gokul Brand Ball Valves”**

Solutions  
for Every  
Pipeline.**

**DI Service Saddle**

## HDPE Electrofusion Pipe Fittings & Valves

**“Strong Joints, Reliable Connections.”**

### 👉 Key Features – HDPE Electrofusion Fittings

- ✓ Leak-proof & durable PE100 material
- ✓ Corrosion, abrasion & chemical resistant
- ✓ Quick & easy electrofusion installation
- ✓ High pressure & temperature performance
- ✓ UV & weatherproof for outdoor use
- ✓ Long service life with low maintenance
- ✓ Smooth inner surface for better flow
- ✓ Lightweight yet strong structure
- ✓ Suitable for water, gas & industrial pipelines
- ✓ Available in wide range of sizes.
